AN EIGHTY FOOT AVENUE.

Hilo People Should Aid in Its Realization.

The intention of the Superintendent of Public Works to make an eighty foot avenue of Front street is one that should receive every encouragement from the people of Hilo. One of the chief eyesores, in fact the only one of consequence that mars the beauty and attractiveness of Hilo is Front street. Not the street alone but the character of the improvements along either side. Whatever property owners or leaseholders along this street can do to assist in its improvement will be money in their own pockets. It will be short-sighted business policy to block the enterprise.

An eighty foot avenue from the Waiakea river to the center of the city would be a monument to the generation that puts it through.

Government lands between this thoroughfare and tide water should be disposed of with caution by the authorities. Hilo as a municipality will one day be largely interested in the character of her waterfront, and present Territorial officials should keep this consideration in mind.

DOMESTIC TROUBLE.

Enraged Chinaman Seeks Life of His Porto Rican Spouse.

Young Mau the Front Street poultry dealer who recently took unto himself a Porto Rican wife and who tried to scalp her with a long knife last Monday evening is furnishing the jail authorities with an unlimited amount of fine acting. His performance is of the continuous vaudeville sort with variations from the comatose poses of the opossum to the wildest freak of a maniac. In short the pake seems to prefer the asylum to the penitentiary and is making every effort to exhibit qualifications for the former place. The offense for which Young Mau is in custody is a fierce assault upon his better half. Monday evening in company with another Porto Rican woman his spouse was walking near the postoffice. The husband sprang from a place where he had secreted himself and began slashing his wife with the knife. Before assistance could arrive he had inflicted several wounds. The woman was taken to the hospital and her enraged husband was lodged in jail.

Beckley at Waiakea.

Admiral Beckley as a power against the tide of Wilcoxism is a host in himself. Every time he comes to Hilo, he makes the welkin ring and gathers in the fold numerous converts to the cause of his heart. Wednesday night he spoke for an hour at Waiakea bridge paying no heed to the torrents of rain which would have dampened the ardor of a less enthusiastic patriot. That he made telling blows with his logic is proved by the action of Kaelamakule, a prominent Hawaiian leader, who came out in unmeasured terms in behalf of Kuhllo. He endorsed the speech made by Admiral Beckley and is a valuable convert to the Republican cause.

CUPIDS HILO MEETING.

He Turned the Tide in Republicans Favor.

The Republican meeting at the Japanese Opera House Thursday evening, September 23, was the best political meeting of the campaign in Hilo. It produced results. The crowd was there and the speakers were in fine trim. The futility of hoping any good to come from the election of Wilcox was exposed with marked ability by Prince Cupid. He spoke with the air of a political warhorse of decades of experience. It is safe to say in passing whether the Prince is elected this time or not, he has demonstrated his ability on the hustings and will continue to be a factor of power in Hawaiian politics as long as he so chooses. He has the personal magnetism on the rostrum possessed by every political campaigner of note. He grows with the approach of each new opportunity and discloses a reserve force upon which he knows how to draw with skill. He was listened to at his last appearance in Hilo with rapt attention. He held his hearers. At this meeting the dashing Admiral Beckley poured out his unfeigned fund of enthusiasm in behalf of the cause. A. B. Loebenstein made an address which was the cap sheaf of the meeting. He talked both in English and Hawaiian. Every sentence was a home shot and the audience was prompt to respond to his thrusts. Other speakers were S. L. Desha, Judge Kekoiki and Judge Mchuel.

After the meeting it was the general expression that Cupid's coming at that time had captured Hilo for the Republicans.

HILO BANANAS FINE.

So Say the Dealers in San Francisco Market.

That Hilo bananas have made a hit in San Francisco is shown by the following extract from a letter written by Porter Brothers & Co., of that city to Peter Lee, their representative here: "These are certainly very fine bananas and if you will continue to give us this class of fruit we will be able to do a large business with you."

Referring to the first shipment of 302 bunches, the letter says: "There were some bunches which were a total loss but only a few; some of them were a little ripe but as a whole they arrived in splendid shape."

"There is only one thing we wish to suggest and that is that you use the native grass instead of the leaves to place next to the bananas. The leaves get among the bananas and they present an unattractive appearance whereas grass would be much cleaner and better."

By this Enterprise Mr. Lee is shipping about five hundred bunches which will grade much higher than the previous shipments and will further build up the reputation of Hilo bananas in the market. The only thing the grower must look out for is the packing. This, if well done, will guarantee the supremacy of the Hilo banana on the Coast.

REPUBLICAN MEETINGS.

Candidates Are Out on Their Last Round Before the Election.

The last round of the Hawaii Republican speakers has begun yesterday at Waipio where a party of campaigners from this city met the Republican candidates for the Senate, J. D. Paris and S. L. Desha. Those from Hilo were James D. Lewis, Geo. W. Paty, J. M. Kauwila, and Edward Kekoa. These gentlemen will hold meetings at various places this side of Waipio, arriving in Hilo, Saturday afternoon. Saturday night there will be a grand Republican rally at Waiakea bridge where a number of candidates will address the crowd.

On Monday night the last big Republican blowout of the campaign will be held in Hilo at the Japanese theater. Everybody should be on hand to take part in the last meeting in order to share in the glory of the victory which is sure to come the next day.

NEWS FROM OTHER SIDE.

It is Stated That Kuhllo Will Have 600 Majority

Through Admiral Beckley, the Republican managers on the other side of the Island forwarded to Chairman C. L. Crabbe, last Wednesday morning, the statement that the Second District on this island will return a majority of 600 for Prince Cupid. It is predicted that if all the votes get out, that Kuhllo will have 1000 and Wilcox 400.

\$5,000,000 for Kona.

Col. J. H. Soper who returned by the Sierra yesterday says that Jacob Cooper told him in San Francisco that he had made all arrangements for the money to build the Kona-Kau railroad and to develop other interests in Kona. Cooper said that he had only been waiting for the arrival in San Francisco of a man from New York and another from Chicago whom he had interested in developments here, and who were coming down to the Islands with him. These had arrived in San Francisco he said and he would start with them October 25, by the Alameda. Cooper claimed to have interested backing to the extent of \$5,000,000 in Kona enterprises.—Star.

Purpose Accomplished.

The Superintendent of Public Works was at his office again this morning. Secretary Cooper remains in charge of the department, and is carrying on much work. One report has it that in the event of Boyd not taking hold again, Cooper will be asked to give up the secretaryship and take hold of the Department of Public Works permanently.—Honolulu Star.

That Cooper has succeeded in capturing Boyd's office which pays \$1500 a year more than his own, seems to be indicated by the following brief telegram received in Hilo Wednesday evening: "Forced out by Dole: Record clean.—J. H. BOYD."

LITTLE SUSTAINED.

Judge Hapai Reverses Himself in the Winter Lawsuit.

The much discussed case of Central Meat Market v. Frank Winter and A. E. Sutton & Co., garnishees, was again up before District Magistrate Hapai Wednesday for an airing upon a motion filed by Ridgway & Ridgway to set aside the judgment rendered in the case against the garnishees. On presentation of arguments Judge Hapai issued an order setting aside his former judgment obtained by Smith & Parsons, attorneys for the plaintiff, stating that it was plain the case should be opened and heard again, and that the statement of facts contained in the decision of the Circuit Court are sufficient for setting aside the judgment. That part of the decision of Judge Little referred to, remanding the case back to the District Magistrate is as follows: "The record in the case below discloses through an affidavit of Wm. H. Beers, Clerk of said Court and Thomas C. Ridgway, counsel for defendant in the case, that the judgment was obtained by methods entirely unbecomingly to the practice in any Court and should not be permitted by the Judge, and the affidavits themselves were entirely sufficient to have caused the Judge to set aside the judgment upon the motion made."

Ambitious Dentist.

Matsumu Yuhoki aspired to be a professional man and chose the calling of a dentist. After one or two days: close application to his new vocation on the road to Hakalau, he was caught by the police and is now in jail awaiting trial for practicing dentistry without a certificate.

His outfit was as simple as modern invention could make it. It was "all contained in one little hand basket. He evidently had called at a near by blacksmith shop where he had his tools made to order on the anvil. He had iron forceps and tongs galore with nice little rows of porcelain teeth strung on rubber. He had real wax for taking impressions of toothless palates and a score of little chisels evidently made from knitting needles. His interesting kit of tools will be on exhibition in the District Court November 5.

More Investors

A party of mainland capitalists under the chaperonage of L. A. Thurston landed at Kawaihae from the Claudine Wednesday and will come overland to Hilo. They will inspect the material resources of the Island and will look into the merits of the Olaa Plantation in particular. Those in the party are: John Lloyd, president of the German Saving & Loan Society, San Francisco; George Tourney, cashier of the institution just named; Henry Crocker and wife, San Francisco; and A. Kaine, assistant manager of the San Francisco branch of the Canadian Bank of Commerce.
